NEW Right to Work Checklist
on 05/07/2021 at 13:02

Here is the new Right to Work Checklist, which was released last week.
<https://www.gov.uk/government/publications/right-to-work-checklist>
It shows the new list of acceptable documents that employers must check to confirm if their staff have the right to work in the UK.
The list has changed in line with the ending of free movement, so please do familiarise yourself with the content.

SEAMLESS INTEGRATION FOR EFFECTIVE HR MANAGEMENT

Employees are the heart of any business and keeping a healthy work culture is key to a company's success. Our versatile HR Software allows you to manage all people-related tasks and issues, remove risk, remain diligent and keep continuity.

The software integrates with our Health and Safety and E-Learning software to create a seamless system that allows you to be efficient and effective in the way you manage your people.

WHAT DOES T100 HR SOFTWARE HELP WITH?

Employee Relations:

- Employee records
- Policy management
- Disciplinary and grievances
- Training and competency records
- Employment tribunal management
- Performance improvement plans

Human Resources:

- Absence and holiday management
- Recruitment
- Occupational health referrals
- Full reporting across HR, safety & e-learning
- Induction management
- Appraisal records

EMPLOYMENT LAW SUPPORT

As a user of our T100 HR Management System, you also have access to our network of employment law partners. Should you need to ask for advice and support with any HR-related situation, we can assist with tailored guidance.

BOOK A DEMO

The best way to discover how T100 can revolutionise your HR processes is to see it in action! Contact us using the details below to book a demo and our team will show you what it can do.

OPTION TO INTEGRATE HEALTH & SAFETY AND E-LEARNING

E-Learning

- Range of courses including Equality and Diversity, GDPR, Stress Awareness; Lone Working; First Aid and Working at Height
- Tailored courses, adapted to suit your needs
- Bespoke and build-your-own courses
- Can be used on our LMS or any SCORM-compliant LMS
- All courses certified by either RoSPA, CPD or IIRSM

Health & Safety

- Review checklists & incidents, with 24/7 access via our cloud portal
- Complete risk assessments quickly and easily with our bank of templates and suggested control measures
- Stay informed with real-time notifications & reporting
- Usable on mobile and tablet with our iOS and Android app
- Dedicated software support and advice from CMIOASH consultants
- Ensure that equipment and machinery is kept up to date with inspections and services
- Save time by automating processes and assigning tasks to individuals
- Integrates with HR software with a single login

BECOME A T100 PARTNER

Our T100 Health & Safety, HR and E-Learning system is used by more than 6,500 organisations across the UK to streamline processes and stay compliant.

We can now offer our smart system as a white label solution, allowing you to add your own branding and offer the software as an additional service for your clients.

We also provide support with marketing materials and monthly seminars to help you make the most of the software. Please speak to our sales team for more information about our white label options.
